Kigali, Rwanda

We're transforming Africa through innovative scientific training, technical advances and breakthrough discoveries!

The African Institute for Mathematical Sciences (AIMS, www.nexteinstein.org) is a pan-African network of centres of excellence for postgraduate training, research and outreach in mathematical sciences. Its mission is to enable Africa's brightest students to flourish as independent thinkers, problem solvers and innovators capable of propelling Africa's future scientific, educational and economic self-sufficiency. The first AIMS centre opened in Cape Town, South Africa in 2003; since 2011, AIMS has opened additional centres in Senegal, Ghana, Cameroon and Tanzania. AIMS is preparing to open its 6th Centre in Kigali, Rwanda. The goal of the AIMS Next Einstein Initiative (AIMS-NEI) is to build a pan-African network of 15 centres of excellence across the continent by 2023.

Each AIMS centre provides an intensive and broad education to over 50 African students each year and prepares them for leadership careers in academia, governance and industry. The AIMS educational program relies on top international lecturers who teach in a 24-hour learning environment.

If you bring a collaborative spirit with a passion to effect change, consider this opportunity as the...

Driver & Logistics Assistant, Skills for Employability (SFE) Program

Reporting to the Bilingual Program Officer, SFE, this role will be responsible for timely and safe transportation of supplies, project employees or any authorized person to facilitate smooth implementation of the project.

The AIMS SFE program's overall goal is to provide 1,000 young Africans studying STEM courses in La Francophonie with skills that are relevant for employment. This will be done through the AIMS Cooperative (Co-op) Education Master's degree, short courses with the use of both a digital online learning portal and face to face interaction.

This is a full-time, two-year renewable contract opportunity based at the AIMS Senegal Centre of Excellence in Mbour, Senegal.

Do you have what we need?

- Minimum secondary school education;
- At least three (3) years' work experience as a driver, ideally in Senegal;
- A valid driver's license, with no major accidents in the past 5 years;
- Experience or basic training in logistics management a desired advantage;
- Disciplined, punctual and patient to meet and/or exceed project transport needs;
- Reliable familiarity with Mbour and Senegal;
- Ability to transport passengers and/or project materials during the regular work day and/or on weekends; and
- Ability to lift, move and/or carry up to 30 kg.
