Cellule Kamatamu Rue KG590 ST
Kigali, Rwanda

We're transforming Africa through innovative scientific training, technical advances and breakthrough discoveries!

Established in 2003 in Cape Town, South Africa, the African Institute for Mathematical Sciences (AIMS) is a Pan-African network of centres of excellence offering postgraduate training, research, and public engagement for the advancement of Science, Technology, Engineering and Mathematics (STEM) in Africa. Building on the success of its first Centre in South Africa, AIMS launched the Next Einstein Initiative (NEI) in 2008 to scale up and roll out the AIMS model across the continent. Five additional centres were established in Senegal (2011), Ghana (2012), Cameroon (2013), Tanzania (2014), and Rwanda (2016). Its global secretariat is situated in Kigali, Rwanda and it has global offices in United Kingdom, Germany and Canada.

AIMS vision is to lead the transformation of Africa through innovative scientific training, technical advances and breakthrough discoveries which benefit the whole of society and its mission is to enable Africa's brightest students to flourish as independent thinkers, problem solvers and innovators capable of propelling Africa's future scientific, educational and economic self-sufficiency.

Collectively, AIMS centres provide an intensive and broad education to over 275 African students each year and prepares them for leadership careers in academia, government and industry. The AIMS educational program relies on top international lecturers who teach in a 24-hour learning environment.

If you bring a collaborative spirit with a passion to effect change, consider this opportunity as the...

Senior Content Specialist, Next Einstein Forum (NEF)!

The Next Einstein Forum is a platform that connects science, society and policy in Africa and the rest of the world with the goal to leverage science for human development globally. The NEF believes that Africa's contributions to the global scientific community are critical for global progress. At the center of our efforts at NEF, is Africa's young people, the driving force for Africa's scientific renaissance.

Reporting to the Vice President of Science, Innovation & Partnerships, the Senior Content Specialist is responsible for developing content for the panels at the NEF Global Gathering 2020 and other white or opinion papers that will support NEF foresight and policy goal.

As the ideal candidate, you will support the policy team to develop concept notes for the NEF Global Gathering 2020 panels, research develop NEF white and other opinion papers as required, develop content materials to organize the NEF Ministerial meetings, support the policy team with ongoing research and policy initiatives. You will be a resource person to produce and review the NEF Global Gathering 2020 Declaration and to review and validate content all blog posts submitted by the NEF network towards the NEF Global Gathering 2020.

This is a 10-month opportunity based at the candidate's home office.
